

The Parent and Carers guide to supporting learners career decisions

There are lots of resources, especially websites, which can help you to understand the options available to your son or daughter.

<http://www.yourspaceonline.net/jobs-and-careers>

Yourspaceonline allows you to explore information about a range of course and career options. It also offers links to industry specific careers information and websites where you can find job and apprenticeship vacancies

<https://www.plotr.co.uk/>

Plotr allows you to explore career worlds. Each world has information about a range of careers including short video clips by people who work in the industry. It's a great resource for researching different career areas.

<http://www.notgoingtouni.co.uk/>

If your son or daughter are unsure about university then check out this website. It has information on School Leaver Schemes, Apprenticeships and Sponsored Degrees.

<http://www.apprenticeships.org.uk/>

Contains helpful information about apprenticeships. All vacancies are advertised on this website and you apply online through the site. Register to receive vacancy updates.

<https://nationalcareersservice.direct.gov.uk>

The National Careers Service helps you to choose or change career, complete skills tests, run course and job searches, and provides personalised help from careers advisers.

Free phone 0800 100 900 to speak to an adviser.

www.icould.com/

An easy to use website which lets you explore careers based on the subjects you enjoy. You can watch video clips of people talking about their jobs and get information about education and training.

www.ucas.com

If your son or daughter is thinking about higher education then check out UCAS. All students have to apply online via the website which contains information about all the courses and universities available.

Accessing Labour Market Information

<https://kudos.cascaid.co.uk/#/>

A careers package which allows learners to access up to date labour market and job vacancy information. All learners will need to register before they can use the website.

<https://careersmart.org.uk/occupations>

Uses labour market statistics collated from other websites to produce visual representations of employment trends e.g. salary information, occupation by gender etc.

<https://www.careersadviceforparents.org/p/free-expert-advice.html>

A careers website specifically tailored to parents which offers careers and labour market advice.
